SAP EWM Inhouse Consultant

Wörwag Pharma Operations manufactures both its own products and contract pharmaceuticals at the production site at Lodz Special Economic Zone, Poland. The modern building complex covers an area of 9,500 square meters and is equipped with cutting-edge technology for production and development which strengthen the site as a center of excellence for oral dosage forms for the Wörwag Pharma group.

Job Description:

- System Owner SAP EWM
- Primary responsibility for the global SAP EWM Blueprint
- Contribute to the concept for our initial SAP EWM implementation at our Poland production site and support future rollouts
- New introduction, optimization, further development and support of SAP EWM in S/4 HANA
- Collaboration and implementation of the SAP Innovation Roadmap for in-house logistics
- Customizing in SAP and, if necessary, add-on solutions (e.g. configuration of mobile handhelds)
- Process validation and documentation according to GAMP5
- 2nd level support for our national and international locations
- National and international project work (planning, control, implementation, documentation)
- Plan and carry out end user training, coach key users
- Support SAP EWM Interfaces from/to NON-SAP systems together with SAP Basis
- Management of external service providers

Profile:

- Degree in business, IT management or business informatics, alternatively vocational training or corresponding professional experience
- Very good knowledge of the SAP-EWM environment including customizing
- Understanding of related SAP modules
- Experience in pharmaceutical manufacturing processes would be ideal
- Initial knowledge of a Fiori environment is an advantage
- Knowledge of ABAP is an advantage
- Curiosity and interest in new technologies related to S/4 HANA or SAP cloud solutions
- Proficiency in written and spoken English
- Willingness to make occasional business trips (national and international)
- Independent, reliable and independent way of working as a solution-oriented team player with high communication skills

Our offer.

- Full apprenticeship to perform the duties of the position
- Stable full-time employment under an employment contract
- Work full of exciting challenges, giving the opportunity to participate in the dynamic development of an international pharmaceutical company
- Opportunity to participate in interesting projects
- Opportunity for professional development
- Private medical care
- Life insurance
- Cafeteria system
- Multisport card
- Holiday subsidy
- Surcharge for Easter and Christmas
- Integration meetings
- Friendly atmosphere and a committed team of co-workers
